VGM Cut-off 2023/01/31 16:00

*CAN.USA Trans-border Cargo Doc Cut-off: 48HRS prior to INL Rail cut-off. *Early Return subject to Storage Charges

*Terminal 1st receiving and HMM DEM Free ERD may differ. If container is returned prior to DEM free ERD, you will be charged for each day, up to, and including vessel berthing date. If vessel is delayed following return of the container, demurrage will terminate on the scheduled day of vessel berth at the time of container ingate.

HMM applies a "48 HR" rule to all INL cutoff dates when a vessel schedule change occurs. This rule is intended to reduce any inconvenience or service disruption to you, our valued customer. In case port cutoff changes within 48 HRs before the current ERD begins and beyond, your ERD and RAIL CUTOFF DATES WILL NOT CHANGE.

If schedule has changed within this window, and you would prefer the revised ERD / Rail Cutoff, please contact your regional customer service team to provide.

Door Information (Only in case that receive term is Door)

Special Instructions

Booking Reference No. : DALA90317700

Remark

*All sailing information is subject to change without notice which may affect cut-off dates.

*Please be advised delivery of loaded units prior to the rail cut-off date specified above may result in early arrival of your units to the ocean terminal storages incurred.

*Once the cargo above is received by carrier for carriage, the terms and conditions of carriage, including but not limited to exceptions, defences and liberties therein, shall be subject to HMM's Standard Bill of Lading which is available on HMM's website or shall be made available upon request.
